

School Closing Procedures

In case of an emergency closing, there are a variety of ways to verify the closure:

Emergency School Closings: Seton will post on the Emergency School Closure website and, as a result, an announcement will be put on radio and TV stations listed on the back. Alternatively, you can go online to www.EmergencyClosings.com or call the emergency closing center hotline at (847) 238-1234; then enter our facility phone number (630) 655-1066. Please note: you can register your e-mail with the service and an electronic message will be sent directly to you when they receive notification that the school is closed.

Constant Contact e-mail blast: An e-mail will be sent directly to the e-mail address to which you receive the school's weekly updates. If the weather is questionable, check your e-mail for more information.

Voicemail message at Seton: The voicemail message at school will include information about any closures due to weather. When in doubt, call the school at (630) 655-1066 before heading out.

Community Consolidated School District 181: Seton often follows the closure decisions of District 181. If you see notification for closure for District 181, please double check with one of the additional notification venues above. Seton does not follow cancellations or delays in the case of fog.

In the case of inclement weather situations, it is up to the discretion of parents to determine if their children can be safely transported to school. Tardiness or absences under these circumstances are considered excused.

In the event that the weather becomes bad during the day, we hope you will make every effort to pick up your child at the earliest possible time.

Emergency Cancellations

In the case of emergency cancellations during the course of the school day (i.e. facility or operational malfunctions, etc.), we will notify parents of the cancellation or dismissal via e-mail or by phone. It is imperative that each student has current emergency contact information on file listing home, work, cellular, and other emergency numbers. Under these circumstances, extended hours will also be cancelled.
